ABOUT

As part of this Apprenticeship you will gain an understanding of the mechanism of buildings including electrical, plumbing, plant, safety systems and equipment. You will provide first and immediate response to fault finding and will ensure prevention of major damage that could result in extensive costs.

MODULES

- Health and safety compliance
- Working safely at heights
- Carrying out repairs to a building
- Maintaining plumbing and drainage systems
- Maintaining electrical distribution in a building
- Maintaining plant, safety systems and equipment
- Energy, environment and sustainability practices
- Maintaining the outside of a building
- Using specialist tools and equipment to carry out repairs.

ENTRY REQUIREMENTS

Entry requirements are a Level 2 qualification in a relevant subject or relevant work experience depending on the employer
